

Application Procedures

Use EasyMop Single-use Microfiber Mop for high-efficiency cleaning on all types of surfaces.

Remove mops from packaging and place them on their side in the mop box. Using measuring jug, dampen dry mops with recommended quantity of cleaning solution. Dosing instructions to pre-wet mops: 110 mL per 40 cm mop, 25 mops 88 oz. (0.69 gallons). Attach the mop to the mop head and commence cleaning.
