

J-Fill®

Application Procedures

Use PERdiem™/MC General Purpose Cleaner with Hydrogen Peroxide to clean hard surfaces as well as carpet.

Fill mop bucket, spray bottle or automatic scrubbing machine from dispenser. Apply to surfaces to be cleaned. For use as a carpet spotter, prespray or extraction cleaner, apply to carpet, agitate and rinse with water. For autoscrubber use, trail mop behind machine to pick up any excess solution. Allow to dry.

Use Prominence™/MC Heavy Duty Cleaner to remove soil from floors without dulling the appearance of the floor finish.

Dilute with cold water. For daily cleaning, use a spray bottle, mop and bucket or fill auto scrubber and use red pads. For Deep Scrubbing, fill auto scrubber and use green or blue pads. Pick up soil and excess cleaner with a tightly wrung out cleaning mop or cloth.

Use Crew® Restroom Floor and Surface SC Non-Acid Disinfectant Cleaner to clean restroom toilets, sinks, floors and walls.

Apply use-solution to hard, nonporous surfaces. Thoroughly wet surface with a cloth, mop, sponge, sprayer or by immersion. Allow to remain wet for 10 minutes. Wipe dry or allow to air dry.

Use Crew® Shower, Tub and Tile Cleaner to clean bathroom surfaces but not marble, resilient floors or galvanized metal.

Fill small bottle or bucket or use gun to apply a foam directly onto surfaces. Scrub with a soft brush, pad or cloth. Do not allow foam to dry. Rinse surfaces thoroughly.

Use Crew® Bathroom Cleaner and Scale Remover to remove soap scum and hard water deposits. Do not use on natural wood or marble.

Dilute with cold water. Dispense use-solution into trigger spray or flip top bottle as needed. Apply with a damp cloth or directly on surface to be cleaned. Loosen soil with rubbing action. Rinse with cold water.
