

J-Fill® Application Procedures

Use Prominence™/MC Heavy Duty Cleaner to remove soil from floors without dulling the appearance of the floor finish.

Dilute with cold water. For daily cleaning, use a spray bottle, mop and bucket or fill auto scrubber and use red pads. For Deep Scrubbing, fill auto scrubber and use green or blue pads. Pick up soil and excess cleaner with a tightly wrung out cleaning mop or cloth.

Use Alpha-HP® Multi-Surface Disinfectant Cleaner to clean, disinfect and deodorize in one easy step.

Apply use-solution to hard, nonporous surfaces. Thoroughly wet surface with a cloth, mop, sponge, sprayer or by immersion. Allow to remain wet. Wipe dry or allow to air dry. See product label for complete directions.

Use Glance® NA Glass and Multi-Purpose Cleaner Non-Ammoniated to clean mirror, chrome and glass surfaces.

Spray onto surface. Wipe with a clean cloth or towel.

Use Spitfire® SC Power Cleaner to clean most heavily soiled, hard surfaces.

Spray onto hard surface. Allow to penetrate and lift soils. Wipe with a clean cloth. Requires no rinsing. Do not use on glass, aluminum and water-based paint.

Use Crew® Shower, Tub and Tile Cleaner to clean bathroom surfaces but not marble, resilient floors or galvanized metal.

Fill small bottle or bucket or use gun to apply a foam directly onto surfaces. Scrub with a soft brush, pad or cloth. Do not allow foam to dry. Rinse surfaces thoroughly.

Use Pro Strip® SC High Efficiency Floor Stripper to remove existing floor finish.

Blockade areas to be stripped. Floors will become very slippery when stripper is applied. Exercise caution.
