

Application Procedures

Use Virex® II 256 One-Step Disinfectant Cleaner and Deodorant to clean restroom toilets, sinks, floors and walls.

Apply use-solution to hard, nonporous surfaces. Thoroughly wet surface with a cloth, mop, sponge, sprayer or by immersion. Allow to remain wet for 10 minutes. Wipe dry or allow to air dry.

Use Prominence™/MC Heavy Duty Cleaner to remove soil from floors without dulling the appearance of the floor finish.

Dilute with cold water. For daily cleaning, use a spray bottle, mop and bucket or fill auto scrubber and use red pads. For Deep Scrubbing, fill auto scrubber and use green or blue pads. Pick up soil and excess cleaner with a tightly wrung out cleaning mop or cloth.

Use GP Forward® SC General Purpose Cleaner to clean any water-safe surface.

Fill mop bucket, spray bottle or automatic scrubbing machine from dispenser. Apply to surfaces to be cleaned. For auto scrubber use, trail mop behind machine to pick up any excess solution. Allow to dry.

Use Crew® Shower, Tub and Tile Cleaner to clean bathroom surfaces but not marble, resilient floors or galvanized metal.

Fill small bottle or bucket or use gun to apply a foam directly onto surfaces. Scrub with a soft brush, pad or cloth. Do not allow foam to dry. Rinse surfaces thoroughly.

Use Glance® HC Glass and Multi-Surface Cleaner to clean mirrors, chrome and glass surfaces.

Spray onto surface. Wipe with a clean cloth or towel.

Use Emerel Multi-Surface Creme Cleanser to remove stubborn spots, build-ups, scuffs, grease, rubber marks and soapscum without scratching the surface.

Shake bottle well and squeeze product directly onto surface or on to wet cloth, sponge, or brush. Loosen soil with rubbing action, rinse. For a bright shine, polish with soft dry cloth. Can be used on porcelain, ceramic, stainless steel and other washable surfaces. Do not use on natural wood.
